Council Offices,

Clayton-le-Moors
1967

# To the Chairman and Members of the URBAN DISTRICT COUNCIL OF CLAYTON-LE-MOORS

MR. CHAIRMAN, LADIES AND GENTLEMEN,

I have the honour to submit my report on the health of the district for 1965: this as you know has been delayed by the interval between the leaving of the Senior Public Health Inspector and the arrival of his successor in 1966.

Infant mortality was again outstandingly low, and taken with the still birth rate indicates a good standard. Infectious diseases presented no problems during the year. Housing conditions still leave much to be desired and call for much further work.

I thank the Clerk of the Council and Mr. Bailey for their continued co-operation and yourself Mr. Chairman and the Council for their invariable interest and support.

I am,

Your obedient Servant,
R. C. WEBSTER
Medical Officer of Health.

# GENERAL PROVISION OF HEALTH SERVICES IN THE AREA, 1965

### **Ambulance Facilities**

These are provided by the Lancashire County Council.

### Nursing

The Home Nursing Service is provided by the Lancashire County Council.

### Domestic Help Service

The County Council provides this. The Home Helps are engaged on an hourly basis, and are available for maternity cases and cases of illness. A loan equipment service for wheelchairs and other nursing requisites is now operated by the new clinic.

### Maternity and Child Welfare

The service is administered by the Lancashire County Council in the new clinic built in September, 1964, and situated in Church Street, Clayton-le-Moors. The Infant Welfare Clinics are now held twice weekly and Ante and Post-Natal clinics weekly.

The Chiropody Services available for elderly and handicapped

people are held daily.

The help of the ladies on the voluntary committee at the Infant Welfare Clinic is again gratefully acknowledged and appreciated.

### Day Nursery

This service is administered by the Divisional Health Authority, Accrington. The nursery was opened on the 9th February, 1953, and is capable of providing all necessary facilities and accommodation for 50 children. The staff consists of 1 Matron and 14 Assistants and charges are made according to the financial circumstances of parents seeking admission for their children, the maximum being 9/- per day, per child, with a proviso that any second child, etc., is only charged at the rate of 4/- per day.

### School Medical Inspection

The school medical service is provided by the County Council. Medical Inspection was carried out by the Medical Officers of the County Council.

The School Clinics continued as usual at Rishton comprising Minor Ailments, Orthopaedic, Ophthalmic and Dental Clinics

Immunisation Clinics were held regularly at the Welfare Centre.

### Hospitals

No Hospitals or Registered Nursing Homes existed within the Urban District.

### Health Education

The services outlined above are available to all and are, generally speaking, well used. Efforts are made to secure a wider use of the Health Services by the personal recommendation of the Medical Officer, Health Visitors, School Teachers and others. Posters are exhibited at the Town Hall, Welfare Centre, Clinics, and in the Schools.

### SANITARY CIRCUMSTANCES OF THE AREA

### Water Supply

The Calder Water Board undertake this service and make the necessary tests of the quality of the water. The supply was constant and sufficient as every house is served, no extension of piped supplies has been required. The conversion, as time goes on, of waste water to fresh water closets together with the application of the Standard Grant Scheme will, however, increase the water needs of the district.

### Drainage and Sewage

This service is undertaken by the Clayton-le-Moors and Great Harwood Joint Sewerage Board, and extends to all premises save a few isolated farms. Periodical testing and flushing was carried out. Scavenging is carried out by the Health Department of the

Local Authority.

Further details regarding Sanitary circumstances, Housing and Inspection and Supervision of Food, are contained in the report of the Public Health Inspector.

### INFECTIOUS DISEASES

No new cases of Tuberculosis were notified during the year but I death occurred from this disease during the same period.

The number of cases at present on the register is:—

	Pulmonary			Non-Pulmonary		
	M.	F.	T.	M.	F.	T.
Number of Cases on the Register						
at 31/12/65	8	2	IO	2		2
Mortality Rate for 1000 est. popula	tion,	Respi	rator	y T.B.		

During the year 3 cases of Tuberculosis were removed from the register, the reasons being as follows:-

Recovered or Quiescent	•••	 • • •	 • • •	• • •	2
Transferred from District		 	 		I

The Tuberculosis Service for the area was administered by the Regional Hospital Board and County Council.

### NOTIFIABLE DISEASES OTHER THAN TUBERCULOSIS

The table below shows the number of cases of infectious disease, other than tuberculosis during the year 1965.

Notifiable Diseases	Total Cases All Ages	REMOVED TO HOSPITAL	DEATHS IN HOSPITAL	Total Deaths
Measles  Dysentery (Sonne)  Acute Pneumonia (Infl)  Whooping Cough  Food Poisoning  Pueperal Pyrexia	28	_	_	_
Total	28	_	_	_

### NATIONAL ASSISTANCE ACT, 1948 Section 47 NATIONAL ASSISTANCE AMENDMENT ACT, 1951 Section 1

Nil.

# SANITARY CIRCUMSTANCES, HOUSING, INSPECTIONS AND SUPERVISION OF FOOD

### **Public Health Inspections**

The number of premises visited during 1965 was 32,89.

From these visits, 35 nuisances and defects were noted and 28 were remedied, including 4 brought forward from the previous year.

17 informal notices and 1 Statutory notice were issued.

### **Closet Accommodation**

Number of houses and premises using:— Fresh Water Closets (connected to sewers)		2,326
Waste Water Closets (estimated) Pail Closet System	•••	916
Total number for houses and premises		3,244

25 blocked drains, in connection with waste-water closets, were opened.

During the year, 89 waste water closets were converted to fresh water closets.

### Refuse Accommodation

Number of houses at which movable ashbins were substituted for fixed receptacles during year—Nil.

There are 2,850 movable ashbins.

The tipping is controlled and is situated on the old printworks site at Oakenshaw.

Income:—Tipping charges ... ... £40 os. od

### Public Cleansing, 1965

Ashpits emptied		Nil
Dustbins emptied	• • •	120,100

### Shops Act, 1950

263 shops were inspected under the above Act and no infringement of the Act was observed.

### FACTORIES ACTS, 1937 AND 1948

### 1. Inspections carried out

	Number	Number of				
Premises	on	Inspections (3)	Written Notices (4)	Occupiers Prosecuted (5)		
(i) Factories in which Sections 1, 2, 3, 4, and 6 are to be enforced by Local Authorities (ii) Factories not included in (i) in which Section 7 is enforced by the Local	18	59	_	_		
Authority (iii) Other premises in which Section 7 is enforced by the Local Authority (excluding out - worker's premises)	57 —	8 <sub>4</sub> —	_	_		
TOTAL	75	143	_	_		

No defects arose during the course of these inspections.

### PREVENTION OF DAMAGE BY PESTS ACT, 1949

The Council employs a part time Rodent Operator and all complaints are fully investigated. The rodent control methods used by the Authority are in accordance with those recommended by the Ministry of Agriculture, Fisheries and Food. Systematic inspection and disinfestation of surface properties for rats and mice were continued during the year, and the bi-annual treatment of the sewers and manholes has had a considerable effect in reducing infestations both in the sewers and surface properties, in addition, the refuse tip and river banks have been treated to control any possible infestations. During the year free treatment was again afforded to dwellings.

The following table gives a summary of the work done throughout the past year.

		. of Premises Inspected	No. of Premises found Infested	No. of Treatments carried out
Rats Mice	 •••	52 17	35 17	4 <sup>1</sup> 17
